### Objectives and Context

1. To create awareness and encompass psychological, social and emotional growth of teachers through Holistic Health and Environmental Education which will have direct impact on the students
2. To create spiritual awareness and inspire the teachers to enjoy peace and happiness with core values, ethics and spiritual principles
3. To inspire students as well as teachers to practice Yoga, Exercises, Pranayam and Rajyoga Meditation.
4. To develop inner personality and improve moral values of the teachers.
5. To create a stress-free and healthy learning atmosphere for the students

### Relevance

This STTP on Ethics and Human values is organized for the faculties/instructors of Polytechnics and Engineering Colleges in order to understand the moral values that ought to guide the professions. It set the standards for professional practice. In the due course of their work life teachers, engineers and technologist are involved in various development activities to serve the society. With the galloping rise in population, the service of teachers and technocrats to the human race is becoming more and more important. It is desirable that they develop a good and practical sense of human values so that they can fruitfully contribute to the societal development. The program gives an overview of ethics and human values and highlights the need to incorporate the aspect of ethics in their practical life.

### Expected Outcome

After attending the STTP the participants will be able to

1. Get in-depth understanding of human values and ethics and be inspired to imbibe in practical life
2. Identify the importance of human values and skills for sustained happiness
3. Maintain balance between profession & personal happiness/goals
4. Explain the significance of ethics to students in engineering profession
5. Maintain sound health by adopting various tips taught during the training program
6. Present themselves as role models among the teacher community
7. Improve professionalism through value addition

### About the Institution

Nalbari, a quiet town of lower Assam, is popular for its rustic charm and ancient temples. Nalbari beholds the name 'Nabadwip' of Assam due to the presence of variegated Sanskrit educational institutions. Nalbari Polytechnic is a Government Diploma Institute subservient to the Directorate of Technical Education (DTE), Assam and affiliated to the State Council for Technical Education (SCTE), Assam. The courses offered by this Institute are Diploma in Computer Sc. & Engineering, Electrical Engineering and Printing Technology, and all the three programs are approved by AICTE. Within the very short span of time, the Institute has earned

significant position amongst polytechnic institutions for its excellent academic standard, quality teaching by faculty members. The measures of excellence of the students are also reflected in the Lateral entrance examination conducted by ASTU, NERIST, CIT etc. Also, a good number of students got employment through the campus recruitment.

### About the Department

The department of Computer Sc. & Engineering was established in the year 2017. The department has a responsive teaching learning environment as dynamic and experienced faculty members create an environment for rich academic dissertation. Till date only one batch has passed out and most of them are pursuing higher studies in prestigious institutions like NERIST, JEC, CIT, BVEC etc. Others got engagement at company like PPL HUHTAMAKI INDIA LTD, SL etc.

### Topics to be covered

Some of the topics are: - Ethics in Teaching and Ethical Leadership, Professional ethics and ethical dilemmas in Engineering, Value based system building to support teaching profession, Human Values and its relevance in technical education etc.

### Resource persons

Faculties from Gauhati University/ Corporate trainer, Motivational Speaker, Psychotherapist, Psychologist, Senior Rajyoga Faculty from Brahma Kumaris etc.
